## Ear Piercing Consent Form

The cost of the piercing is \$30 per ear (\$60 for both). This is an out of pocket upfront cost.

The piercing is performed by hand (no piercing gun), using a sterile earring stud to pierce the ear. We pierce earlobes only, no cartilage.

It is your responsibility to mark your child's ear, with a permanent marker, in the exact spot you would like the piercing before arriving at our office for your appointment.

If you are unhappy with the piercing, please remove the stud immediately and the piercing should close naturally.

We will be happy to re-pierce any ears where the piercing placement was not suited to the patient/family at a charge of \$25.

Should your child refuse the piercing once in the room, \$25 will be charged for the physician's time.

The earrings are individually packaged to remain sterile. If a package has been opened and not used, there will be a \$12 charge for the unused earring.

I have read and understand the above Ear Piercing Policies and Charges. I give consent for the physicians at Mid-Ohio Pediatrics and Adolescents, Inc. to pierce my child's ear/ears.
